

Behaviour Engagement Procedures

Our Lady of Fatima School

1. Purpose

Our Lady of Fatima School recognises that students learn best when they feel safe, engaged and have a sense of belonging. The school prioritises the safety and wellbeing of all students and is committed to promoting and supporting safe and inclusive learning environments. Our Lady of Fatima School adopts a values-based, developmentally appropriate and trauma-informed approach to student behaviour and recognises all members of the community as role models and change agents who have a broader influence in promoting and teaching safe, productive and healthy behaviours and respectful relationships. The school implements evidence-based and data-informed programs and practices that proactively focus on prevention and promotion to cultivate the safety, wellbeing and desired behaviour of the whole school community. We also recognise and value each child's agency and the right to be heard and to have a voice in all decisions affecting them.

The vision of Our Lady of Fatima School is *nurturing lifelong learners who live out Jesus' message of love and peace*. This forms the foundation of our approach to behaviour engagement. Staff understand that all behaviour meets a need, has an underlying function that makes it purposeful for a young person, is a result of an interaction between a person and his/her environment and that inappropriate behaviour is a "loud signal" of a lagging skill (Greene, 2017). These behaviour engagement procedures aim to ensure that the dignity of each child is honoured through praise, encouragement and recognition. Students will be encouraged to take responsibility for their actions, recognise the impact of their behaviour, and reconcile and resolve conflict with others.

Our Lady of Fatima School's behaviour engagement procedures conform to the rules of procedural fairness and non-discrimination. They strictly prohibit the use of any form of child abuse, corporal punishment or other degrading punishment to manage student behaviour.

SOURCES OF AUTHORITY	
CECWA Policy	Community Policy
Executive Directive	Student Safety, Wellbeing and Behaviour

2. Scope

These procedures apply to all students from Pre-Kindergarten to Year 6 at Our Lady of Fatima School.

3. Procedures

- The dignity of every student is prioritised in our behaviour engagement procedures. Confidentiality, privacy and procedural fairness (a hearing appropriate to the circumstances, lack of bias, evidence to support a decision and inquiry into matters in dispute) are key requirements of the procedures.
- The student code of conduct and school values form the basis for the behaviour engagement procedures.
- These procedures are included in our parent handbook and also available on the school website for all parents/carers and community members.

Student Code of Conduct:

The student code of conduct forms the basis of the school's behaviour engagement procedures, which is outlined below:

Student Code of Conduct

At Our Lady of Fatima School, we want to feel SAFE, SUPPORTED, INCLUDED, ENGAGED and PEACEFUL.

Code of Conduct Statement 1:
In order to feel SAFE we will trust and protect each other our peers, teachers, and school community. We will feel comfortable at school to be truthful and be able to ask any questions.

Code of Conduct Statement 2:
In order to feel SUPPORTED we will be encouraging towards our peers and others to try their best and to ask for help when needed. We will feel listened to by our teachers and encouraged to do our best.

Code of Conduct Statement 3:
In order to feel INCLUDED we will be welcoming to all and acknowledge the value in everyone. We will include others in conversations and games, ensuring to value our peers.

Code of Conduct Statement 4:
In order to feel ENGAGED we will contribute to and interact with our learning. We will come to school ready to learn and enjoy our learning tasks at hand.

Code of Conduct Statement 5:
In order to feel PEACEFUL we will be content ready to learn. We will be kind and thoughtful to our peers. We will demonstrate mindfulness when we are feeling stressed or under pressure.

When we are not feeling this way, we can stand up for ourselves and others, we can be reminded to be kind to each other and trust each other, we can encourage our peers to do the right thing and can tell a trusted adult and ask for help.

Our Code of Conduct at Our Lady of Fatima School prohibits bullying, harassments and other forms of peer- to-peer abuse and we require respect for the privacy and human dignity of other students.

School Values:

RESPECT

We show respect by speaking and acting with courtesy, accepting people for who they are. We treat others with dignity and honour the rules of our family, school and country. Respect helps us to build trust in our relationships.

FORGIVENESS

Forgiveness is knowing that everyone makes mistakes and everyone deserves a second chance. It means letting go of anger or sadness if someone does something that hurts you. Forgiving yourself or others like Jesus did can lead you to stronger feelings of love and peace.

COMPASSION

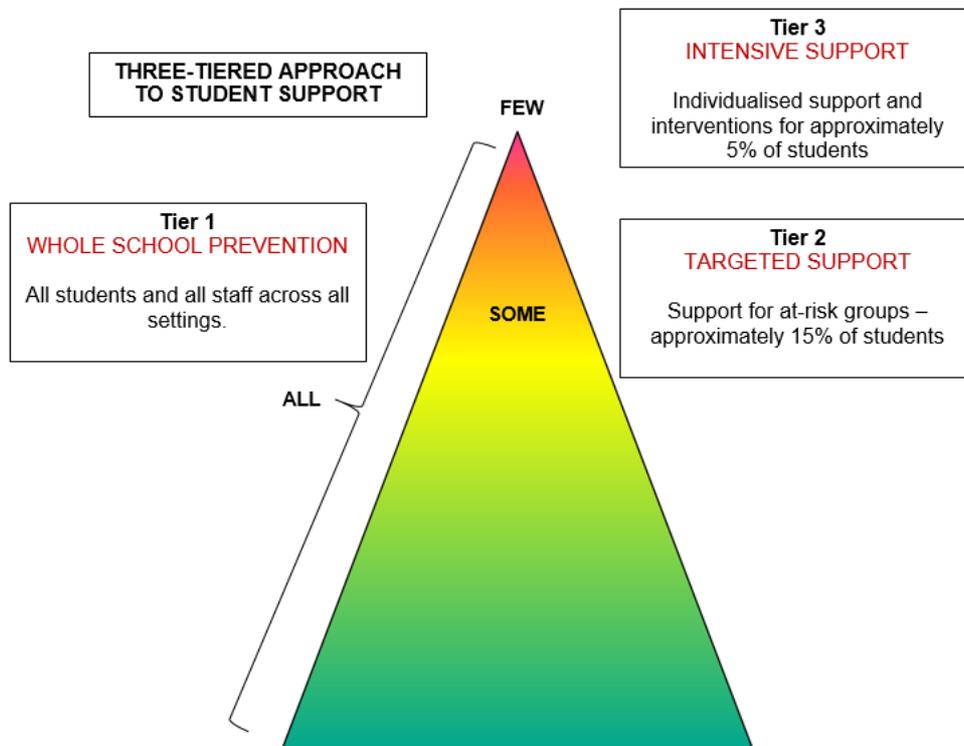

Compassion is showing understanding, care, kindness and friendship for others when they need it the most. It means to empathise with someone who might be struggling and trying to do things to help them feel better.

GRATITUDE

Gratitude is actively noticing all of the good things we have in our lives and being thankful. Being grateful for the generosity of others leads us to a sense of fulfilment and can help us to be more generous. We are thankful every day for all that God has given us.

Tiers of Support:

The behaviour engagement procedures for Our Lady of Fatima School are based on a Positive Behaviour for Learning (PBL) framework to improve social, emotional, behavioural and academic outcomes for students.

<https://behaviour.education.qld.gov.au/supporting-student-behaviour/positive-behaviour-for-learning/tiers-of-support>

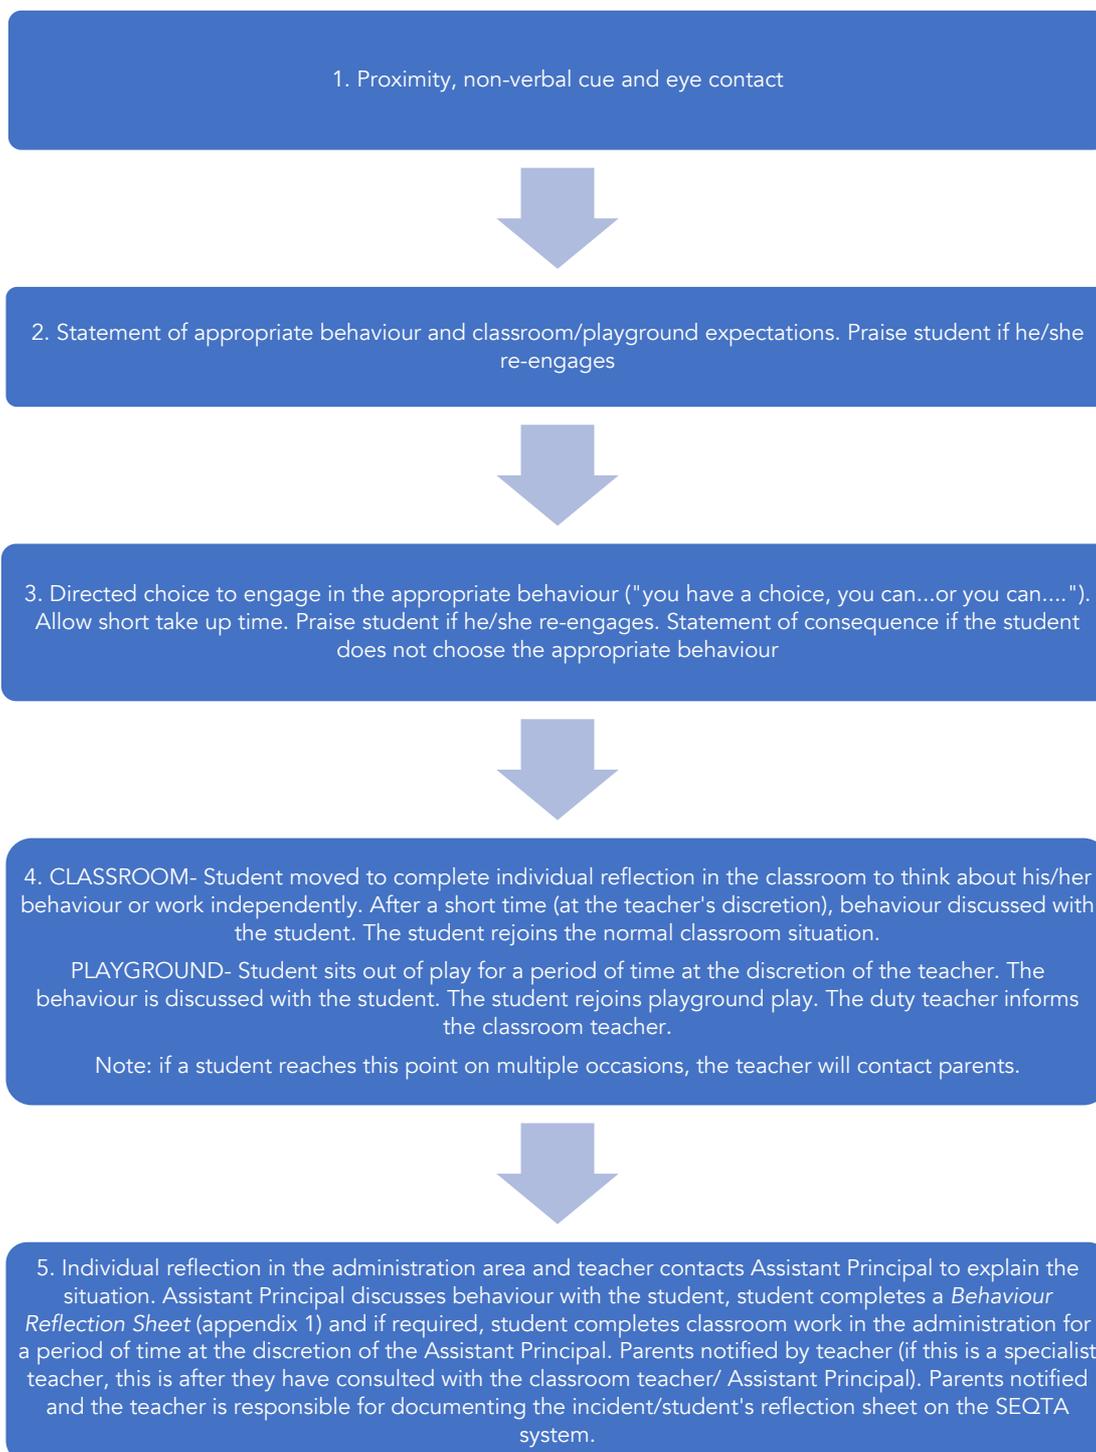

TIER 1

The following strategies are used for ALL students at Our Lady of Fatima School:

- Positive, helping relationships are developed between staff and students, in line with the code of conduct. Interactions are positive and involve focused time, attention and acknowledgement of responsible behaviour.
- Each teacher explicitly teaches behavioural expectations to students in line with the school values and student code of conduct. These expectations are revisited regularly with classes and visually displayed.
- There is class and whole school acknowledgement and reinforcement to focus to positive behaviours. These include:
 - Praise
 - Providing opportunities for leadership and responsibility
 - Individual/ group/ class rewards where appropriate
 - Merit awards
 - Acknowledgement of students who display behaviour consistent with our student code of conduct.
 - Fatima Hero award (awarded each term to a student who exemplifies the qualities identified in the school vision statement)
- Staff foster curriculum engagement, interest, purposefulness and adjustment to the point of need for all students.
- Staff are responsible for ensuring that there are clear and well understood routines of common tasks and events.
- All staff actively observe and supervise students in the classroom and playgrounds and data is used to reflect on student behaviour in objective ways and to monitor trends over time.
- The *Highway Heroes* social and emotional learning program is implemented from Pre-Kindergarten to Year 6. This program supports social decision making, the empowerment of students, skills in conflict resolution, as well as the explicit teaching of strategies for responding to bullying behaviour and supporting students who are bullied.
- Our Lady of Fatima School has adopted the *Keeping Safe: Child Protection Curriculum*, which is taught across the year in all year levels and is centred on 2 main themes:
 - We all have the right to be safe
 - We can help ourselves to be safe by talking to people we trust
- Staff respond to misbehaviour in a way that is low key, calm and consistent. The focus is restorative, which supports students to be accountable, reflective and repair harm.
- In Pre-Kindergarten, Kindergarten and Pre-Primary, 123 Magic is used. 123 Magic is a management strategy that involves verbal warnings in the form of numbers to inform students of inappropriate behaviour with minimal impact on teaching and disruption. The steps are:
 - Proximity, eye contact, non-verbal gestures.
 - Reminder of classroom/ playground expectations.
 - Statement of numbers **1** and **2** - a verbal reminder of **1** and reminder of the expectations. A second verbal reminder of a **2** may occur if the behaviour continues or escalates.
 - Statement of **3**- The teacher will state **3** and the student will be moved to a quiet

in the classroom to think about his/her behaviour. After a short time (at the teacher's discretion, the teacher will discuss the behaviour with the student.

- This resets at every break (that is, recess and lunch).
- If a student reaches a **3** on multiple occasions, the classroom teacher will inform the Assistant Principal and parents will be contacted. For serious misbehaviour such as physical aggression, the teacher will immediately inform the Assistant Principal. The teacher is responsible for documenting the incidents on SEQTA.
- The steps for dealing with inappropriate behaviour for students in Years 1 to 6 are:

Note: In the case of severe misbehaviour (including, but not limited to, physical aggression, violence, swearing or property damage), Steps 1-4 will be bypassed.

Should Step 5 be reached on multiple occasions, the Assistant Principal will coordinate a meeting with the parents and teachers.

TIER 2

The following strategies are focused interventions that support approximately 15% of students who are not responding to Tier 1 and who have moderate, ongoing behaviours of concern (social, behavioural and academic). Support is provided through additional Tier 2 or "targeted" level interventions:

- Staff to use low level de-escalation strategies, such as:
 - Check in- *"Is everything ok, Is there something I can help with?"*
 - Empathy- *"I can see that..... "*
 - Reassurance- *"I've seen you do well before I know you can"*
 - Modify the task to task/ chunk task to smaller increments
 - Explaining to the student what they can do once they have demonstrated the correct behaviour- *"When you then you can"*
 - Calm body language and communication- *"I'm here to help"*
 - Ask bystanders to move away or ask the student to walk with the staff member
 - Provide structured space – *"I'm going to give you some space to settle"*
 - Breathing Exercise- *"Take a few deep breaths with me"*
- Staff to use escalation cycle strategies and scripting (appendices 2 and 3).
- Provision of targeted small group interventions, such as social skills groups.
- Regular check-ins by teacher with students and parents/carers to monitor progress.
- Support from the student counsellor if required.

TIER 3

The following strategies are to support Tier 3 or 'intensive' interventions for approximately 5% of students who have not responded to Tier 1 and Tier 2 interventions. Students may require Tier 3 or 'intensive' level of supports involving highly individualised interventions to support a tailored learning program. The focus of Tier 3 is to reduce the intensity and complexity of existing individual student's situations:

- Staff to use de-escalation strategies, such as:
 - Distraction- *"Would you like to...."*
 - Step away- *"Walk with me, let's go for a walk"*
 - Positive Removal Routine- *"I need this job done can you"*
 - Empathy- *"I can see isn't working for you today walk with me"*
 - Relate- *"Need to keep you and others safe"*
 - Reminder of Limits and Boundaries- *"We have an expectation for....."*
 - Framing Limited Choices- *"A choice you can x or you can y"*
 - Remove the audience
 - Team Assist- calm stance, social space at the side, calm gestures, voice calm
- Staff to use escalation cycle strategies and scripting (appendices 2 and 3).
- Provision of a targeted individual intervention, a behaviour support plan and a case management approach with the student, parents/ carers, teacher and a member of the Leadership Team.
- Engagement with the Catholic Education Western Australia Psychologist if required.

Bullying:

- The National Definition of Bullying for Australian Schools (*Bullying No Way!*, n.d. <https://bullyingnoway.gov.au>) states:
“Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm”. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.
- Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time.
- Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

- The following information comes directly from the *Bullying No Way!* (n.d.) website:
 - There are three types of bullying behaviour:
 - Verbal bullying which includes name calling or insulting someone about physical characteristics such as their weight or height, or other attributes including race, sexuality, culture, or religion.
 - Physical bullying which includes hitting or otherwise hurting someone, shoving or intimidating another person, or damaging or stealing their belongings.
 - Social bullying which includes consistently excluding another person or sharing information or images that will have a harmful effect on the other person.

Verbal, physical and social bullying can occur in person or online, directly or indirectly, overtly or covertly.

- Online bullying is referred to as *cyberbullying*. Cyberbullying can include:
 - Sending insulting or threatening messages
 - Posting unkind messages or inappropriate images on social networking sites
 - Excluding others from online chats or other communication
 - Inappropriate image tagging
 - Sharing someone's personal or embarrassing information online
 - Creating hate sites or starting social exclusion campaigns on social networking sites
 - Sharing unflattering or private images, including naked or sexual images
 - Assuming the identity of another person online and representing them in a negative manner or manner that may damage their relationship with others
 - repeatedly, and for no strategic reason, attacking players in online gaming.

For it to be cyberbullying, inappropriate actions online must be between people who have ongoing contact and be part of a pattern of repeated behaviours (online or offline).

- One action – such as an insulting comment or an embarrassing photo – which is repeated through sharing and forwarding to others, can be called bullying if the individuals involved know each other, and have ongoing contact either on or offline.
- The aim of a school response to bullying is to restore a positive learning environment for all students and to avoid escalation of issues or causing more harm.

**BULLYING!
NO WAY!**

Bullying prevention for schools

What we know

Bullying is an **ongoing** and **deliberate misuse of power** in relationships through **repeated verbal, physical and/or social behaviour** that intends to cause physical, social and/or psychological harm

Read the full definition at
www.bullyingnoway.gov.au/understanding-bullying

Bullying

- is a challenging social issue
- should be taken seriously
- is dynamic and complex
- involves students in varying roles in peer groups
- can be reduced and prevented
- can have lasting negative impacts
- requires multifaceted approaches
- needs individual and group level responses

Effective practices

- Explicit teaching of **school values** and **positive behaviour**
- Fostering a **positive school climate**
- Integration of **social-emotional learning**
- Proactive support and teaching of **practical strategies**

- Whole school** and **multifaceted** approaches
- Involving students and families** in bullying prevention and policy
- Teaching **bystander strategies**
- Being prepared with **effective responses**

What works

Positive teacher-student relationships

- Respect** for students
- Shared understanding** of bullying
- Appreciation for **students' perspectives** about their social interactions
- Consistent, calm and respectful** responses
- A focus on **lasting, positive solutions**

Positive family relationships

- Parenting that is **calm** and **firm**
- Proactive discussions** at home about bullying
- Learning about **effective responses**
- A focus on **lasting, positive outcomes**
- Collaboration** with the school

Sources can be found at: <https://bullyingnoway.gov.au/understanding-bullying/bullying-research> Read more about effective ways to prevent bullying at www.bullyingnoway.gov.au

- Our Lady of Fatima School uses a restorative approach to responding to bullying. Some of the key premises are shown below:

Active listening

Fully concentrating on what is being said rather than passively 'hearing' the message of the speaker.

Restorative questions

Explore everyone's thoughts and feelings and take an incident from the past/present towards a future solution.

Behaviour as communication

What is a pupil's behaviour telling us about their thoughts and feelings at any given time?

How can a better understanding of a pupil's thoughts and feelings change/influence my response to their behaviour?

Copyright 2018: Restorative Thinking Limited

[https://anti-bullyingalliance.org.uk/sites/default/files/uploads/attachments/Restorative Practice%20-%20FINAL.pdf](https://anti-bullyingalliance.org.uk/sites/default/files/uploads/attachments/Restorative_Practice%20-%20FINAL.pdf)

- Our Lady of Fatima School uses the following school response flow chart for student reports of bullying:

- If an incident is reported by a parent, the following steps are used by classroom teachers and Leadership Team:
 1. If they have not already done so, the parents/caregivers are asked to talk with their classroom teacher in the first instance. If parents are still concerned after speaking with the classroom teacher, they may make an appointment with the Assistant Principal.
 2. At the meeting, the staff member needs to provide a calming, supportive response and appreciate that some parents/caregivers may express anger and distress about their child's experience.
 3. The staff member listens carefully and documents the information, referring to these procedures to discuss the definition of bullying, expectations of students and staff, responsibilities and implications.
 4. The staff members inform the parents/caregivers what he/she intends to do regarding their concerns.
 5. The staff member provides suggestions and information about what parents/caregivers can do to support their child in the short term.
 6. The staff member sets a date for a follow up review and concludes the meeting.
 7. The staff member records the incident/student contact in school's student data management system- SEQTA.
 8. The staff member collects additional information from students and other personnel as appropriate using the above process and notifies appropriate school personnel.
 9. After the staff member has developed a full action plan based on the additional information gathered, he/she conducts the follow up review meeting with parents/caregivers.
 10. The staff member follows up with parents/caregivers and students at a designated time in the following weeks or months.
- Confidentiality is vital and will be maintained at all times in responding to behaviour and bullying, unless the incident is in breach of the *Child Protection Policy and Procedures*.

Exclusion of Students:

- Principals must ensure staff follow the Process for Exclusion of Students for Disciplinary Reasons.

BEHAVIOUR REFLECTION SHEET

Name: _____ Class: _____ Date: _____

Student Signature: _____

Teacher Signature: _____

Parent/Guardian Signature: _____

Principal/Leadership Signature: _____

What happened? What did I choose to do?

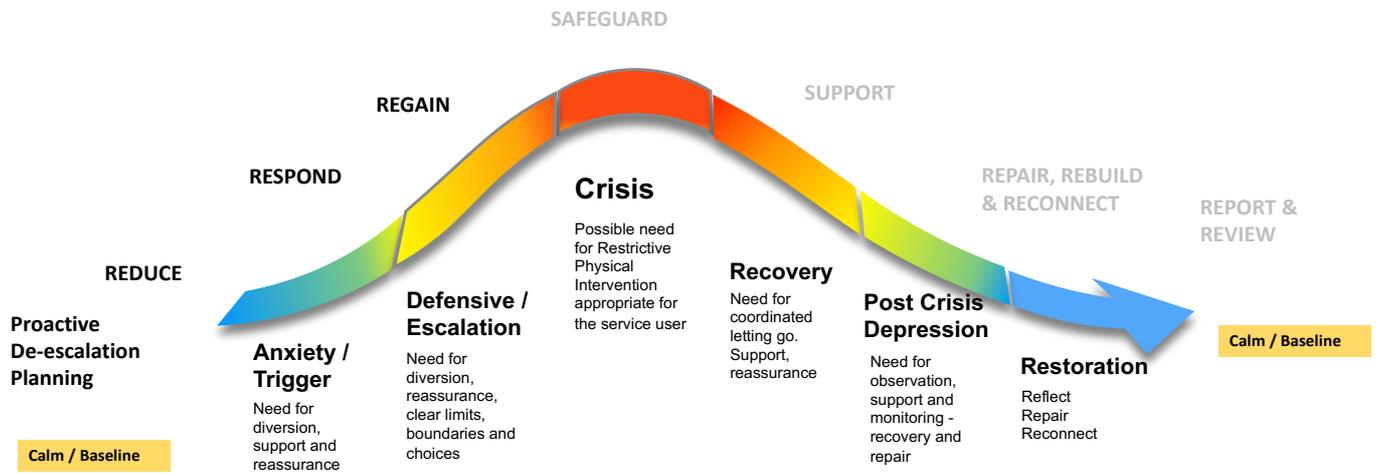

What were you thinking/feeling at the time?

How are you feeling about it now?

Who has been affected by your actions? How have they been affected? How did it make them feel?

What might you do differently next time? What have you done or will do to make things right?
Next time, I will choose to.....

Supporting Young People : Early Stage trigger to agitation

RESPONSE PLAN STRATEGIES

Leith Tarling

APPENDIX 3

De-escalation scripting can be used to support behaviours of concern:

Acknowledgement of Difficulty

- "There must be a reason why"
- "I've noticed that"
- "I can see isn't working for you today"
- "At the moment I'm seeing, would some time to help?"
- "Is there anything that might help me understand why isn't working for you today?"
- "Last week when you had this problem you and I remember that worked well"
- "Can we use supa thinking here?"

Task/Expectation Modification

- Task Check In – "How is going?" "Do you need some help with?"
- Peer engagement / seating modification – "If were to sit with you to help would that work to?"
- "When you complete then you earn"
- "Shall we change activities, can you"

Defining Limits and Boundaries

- "In this class we have an expectation for"
- "We have a school expectation for, you need to"
- "A choice you can or you can"
- "When you have then you can"

Supporting Self-Regulation

- "Step out to get a drink and wash your face"
- "Take a moment to settle"
- "Take some time to....." – breathing routine / sensory box / movement activity / music time / drawing / colouring time / movement break"
- "Time to follow your plan"
- "Can we try some bubble breathing?"
